

EARTH FLAG

SCHOOL ENVIRONMENTAL EDUCATION

Will County Land Use Department / Resource Recovery & Energy (RRE) Division

Will County Earth Kids' Pledge

Let's reduce, reuse and recycle at school and at home!

Create positive change in our communities and take part in fun earth activities.

"I wanted to express my appreciation and gratitude for your time and talent. My fifth graders at Stevens Intermediate School in Wilmington thoroughly enjoyed your presentation on water conservation. It was evident that you easily kept the students engaged, interested, and excited about the topic! The kids especially loved the water-filtration experiment! As you know, those hands-on lessons are the easiest activities for them to do and then retrain what they learned. Thank you again for sharing your time and knowledge with us. We loved it!"

Mrs. Girot, 5th grade teacher

The Will County Land Use Department Resource Recovery and Energy Division has been promoting solid waste composting since 1997. We continue today to supply schools with starter worm bins.

Complete the backside of this form and return to use to request a free worm bin and environmental education for your school.
